

**October 2018**

**Dear Windy Hills residents:**

I have lived in this wonderful city for 18 years, longer than I've lived anywhere in my life. In those almost 2 decades I have valued and benefited from the incredible quality of life that we share. I have seen improvements that have increased our property values and strengthened the fabric of our city. I have appreciated the leadership of those who have led us to this point.

There is a lot in Windy Hills for which we have to be thankful - from our discounted city property taxes to our strong reserves, from the Windy Hills Green to our walking loop, from our historic homes to our canopy of mature trees, from our citywide recycling to our tree planting program, from our longtime residents to the newest neighbors we welcome . This is a great community and city in which to live!

In the past month I've walked the streets of Windy Hills getting to know more of my neighbors, introducing myself to our residents and listening to the concerns and hopes of those who live here. I've really enjoyed doing this - meeting people, admiring our neighborhoods, homes and yards, and thinking together about our future.

If elected, I look forward to accompanying our new mayor and other elected council members as a new city council member, one who can offer a fresh perspective and new vision rooted in an appreciation of and deep commitment to this place I call home.

I have 14 years of residential real estate experience which, I believe, has given me a keen understanding and awareness of the things that contribute to our property values. I have served in leadership capacities in numerous professional, private and non-profit organizations. I have volunteered and participated in a variety of civic and community organizations. I work well with others, strive for the common good, give my all and tend to enjoy what I do. I would be honored to have your vote on November 6.

*Carl E. Horton*

**Please vote on November 6!**
