From The Desk of Mayor Jim

Congratulations to Helen Davis, Kate Greer, Lou Phillips, Marianne Rademaker, Mike Skelton and Suzanne Spencer for being reelected to the City Council for the next two years. These hardworking and responsible City Officials have proven their dedication to the entire city of Windy Hills over the years and it's good that our citizens recognize and appreciate their service by reelecting them.

It really takes a total team effort to accomplish as much as we have over the last decade and I am proud of our entire TEAM. When you see any of the above City Officials please thank them for their service. This TEAM has helped make Windy Hills the BEST of the 82 suburban cities in METRO.

The Kentucky League of Cities also recognizes the accomplishments and strength of our City. At the KLC convention in September, Windy Hills, along with a few other cities, was named a "Legacy City" – a city "Thinking Beyond Term Limits". We were acknowledged as a community that developed a vision from our strategic planning process that began in 2007 and turned that vision into reality. Among other things, we were singled out for the transformation of two blighted properties along Brownsboro Road into our beautiful "Green". This passive park is the result of a City-wide survey where the majority of residents voted for this type of development. We continue to receive compliments from our citizens and neighbors, plus awards like Scenic Kentucky and Tree City USA. Additional successes have been: "The Loop" of sidewalks around our entire City, branding for improved visibility and recognition, community events, replacement of playground equipment centrally located in our City that is adjunct to ball fields, parking, and free from vehicular traffic, increased discount on property taxes, enhanced police protection, all while providing quality basic services and still maintaining a sound financial position (see details from our recent audit).

Thank you for the support we receive from our residents and best wishes for the holiday season.

Seasons Greetings

*The City of Windy Hills,
The Mayor, The City Council,
And Employees, wish all Residents
A Safe and Joyous Holiday Season.*

*Merry Christmas and
Happy New Year!*

Rudy - The Windy Hills Bear

Rudy the Bear on the Green at Brownsboro Road and Rudy Lane went into hibernation in September and was so weak he could not be saved. We are looking for another tree trunk. The chain saw sculptor has been contacted and a new Rudy will be erected on a new concrete/stone base. There have been many questions/concerns about Rudy, but Rudy will be back to stand guard on the Green in the near future.

Ambridge Trees

The City of Windy Hills planted over 70 trees between the street road and sidewalk along Ambridge several years ago. Sadly some were in bad shape from neglect and lawn equipment abuse. In September, the hornbeams located near Kingslook were pruned by Brownsboro Landscape owner **Adam Vogelsang**, assisted by **Councilwoman Kate Greer**. This was not the ideal time to prune but was necessary because visibility was blocked by the lush foliage. The remaining trees will be pruned at the correct time (after a hard freeze.) The trees were properly mulched (no volcanoes.) Hopefully homeowners will assume these chores in the future. Should they need advice and/or assistance, they may call **Councilwoman Greer** at 893-2059.

Glow On The Green Celebration

Windy Hills' residents and people in the vicinity joined at 5:00 P.M. to celebrate the annual lighting of the big spruce tree on the Green. A musician from Sojourn played his guitar and led carols. Hot cider and cookies were plentiful. The weather cooperated this year - above freezing temperature and no precipitation. It was even possible to light the holiday candles for a change. People appeared to be enjoying visiting one another. It is a great way to usher in the holiday season.

Snow Removal From City Streets

The goal of our snow removal service is to keep our streets passable and as safe as possible under the circumstances. Our contractor pre-treats and works through the night, if necessary, not waiting for all of the snow to fall before salting and plowing. We pre-treat/salt the hills and intersections in the City and plow as necessary to keep streets open. All streets may not be plowed if the snow is light because flat streets are usually passable with caution, even if not down to the black top. The amount of traffic and the sun also affect the road surface.

Windy Hills is not responsible for Rudy Lane and Hubbards Lane because they are Metro thru-ways and Brownsboro Road and Westport Road because they are State Roads.

In view of the size of the City, all streets can't be pretreated or plowed at the same time while recognizing that everybody would like to be first.

A side effect of plowing is that snow is pushed to the right often blocking driveways when the snow is heavy. It falls on the homeowner to clear access to the street.

Right-Of-Way Tree Responsibility

Many people assume that they are only responsible for trees on their property. Unfortunately, that is not the case. Metro and Windy Hills' ordinances state that it is the property owners' responsibility to maintain the trees on the right-of-way adjacent to their property. Therefore, if a tree on the ROW (right-of-way) needs attention, is blocking visibility, or is hazardous, the homeowner must take care of the situation.

Windy Hills Playground

New residents to Windy Hills and those who live on Brownsboro Road or on streets off of it, may not be aware of the playground located

at Sojourn Church. This play equipment was paid for by the City of Windy Hills for Windy Hills' children as indicated by the sign. It is safe because it is far away from busy Rudy

Lane. There is ample parking behind the church except on Sunday morning.

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and
 Members of the City Council
 City of Windy Hills, Kentucky

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Windy Hills, Kentucky as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the City of Windy Hills, Kentucky, as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 1 through 3 and pages 20 through 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

All permits are subject to approval by the City Council and must be submitted in writing. The request must include the arrival date of the pod. No temporary structure or accessory structure can remain on residential property within the city limits for more than 30 days.

Sign Up For Reach Alert!

Many Windy Hills residents have registered e-mail addresses with the City and get information sent to them regarding events, cancellations, etc. However, if there were an emergency and the office was closed, this information would not be available. REACH ALERT is the answer. There have been previous newsletter articles regarding the service. Few people have taken advantage of the opportunity. The company has granted us one year of free service. If more people don't take advantage of enrolling, we will not renew it next year.

Signing up for Reach Alert, the City's instant communication system, takes only a few minutes and is free. Through Reach Alert, residents are made aware of emergency situations or unsafe conditions, as well as community service notifications if requested. Alerts might be appropriate when a holiday affects the date of trash pickup, when extreme weather conditions threaten your safety or force cancellations, or, as reminders of City events. We've already sent one out about a missing pet. Notification options include text, email, and/or phone. The City does not expect to send out messages daily, weekly, or monthly, but only as situations dictate.

Signing up online at www.reachalert.com or by calling 1-877-307-9313. Either method takes about 5 minutes. If you sign up online, type in Windy Hills when asked what Network you wish to join. If you have any issues with internet sign up just call the toll free number for a hassle free experience. Remember, you can always opt out at any time but we don't think you will. Thanks and make sure you get "In the Loop" with Reach Alert.
